

**TOSHIBA WATER SOLUTIONS successfully participated in  
6<sup>th</sup> India Water Week to contribute to the 'Clean India' initiative**

From 25<sup>th</sup> – 28<sup>th</sup> September'2019, Toshiba participated in one of the International event, 6<sup>th</sup> India Water week (IWW) 2019 conference at Vigyan Bhavan, and Exhibition at Indira Gandhi National Centre for Arts (IGNCA) New Delhi. Themed "Water Cooperation - Coping with 21st Century Challenges", the exhibition served as a showcase for companies and Government bodies to highlight the technologies, latest developments and available solutions.

This show brought together business experts, consultants and key government officials under one grand platform providing a unique networking opportunity and to interact with thousands of potential clients, highly qualified visitors including decision makers, enormous Public Relations and promotional opportunities, to expand the business in the rapidly growing Indian water market and to increase brand visibility/image.

INDIA WATER WEEK was conceptualized and organized for the first time in 2012, and is a regular forum where the Ministry of Water Resources, River Development & Ganga Rejuvenation, Government of India discusses, talks, strategizes with eminent stakeholders through seminars, exhibitions and sessions to build public awareness, to get support to implement key strategies for conservation, preservation and optimum use of available water. All nations and their water communities came together to help build a water sustainable future for all.

Mr. Koichi Matsui, Chairperson and Managing Director of Toshiba Water Solutions Private Limited said “As an established player in India’s Water & Wastewater management landscape, We’re proud to have been associated with India Water Week Exhibition to bring our latest solutions to accelerate the growth of India’s water sector and contribute to the country’s sustainable economic development, affirming our commitment FOR A NEW DAY. At the four-day event, Toshiba also introduced advanced technologies in the fields of water & waste water management at IWW exhibition.

Toshiba Water Solutions is a leading water and wastewater treatment firm with over 4 decades of experience in providing design, turnkey and O&M services with offices in 5 countries - India, Oman, Philippines, USA and Trinidad & Tobago.
